Goals:

What were your reasons for viewing this program?

Reflections and Action Plan:

How did this program meet your goals?

What did you learn that will improve your teaching and your students' learning?

Are there other ways this program will help you and your colleagues improve the learning environment in your institution?

What ideas or practices will you change or adopt as a result of watching this program?

Would you recommend this program to other educators? If so, who would benefit from viewing it?
